ANGLESEY COUNTY SHOW
10th & 11th AUGUST 2010

ELECTRICITY CONNECTION

In order to be able to connect to the Society's distribution points, it will be necessary for you to provide and use a compatible cable and connection which conforms with the **Electricity at Work Regulations 1989**.

Electricity outlets will be situated at strategic points on the Showground and within 30m of your stand. **There will be no 13 amp connections available except for stands in the Exhibition Pavilion.** The type of cabling and connection you will require to bring with you are as follows:

	SIZE	**TYPE**
Supplies up to 16 amps (3kw)	2.5	3138YAG BS4343 ARTIC CABLE (Blue)
Supplies up to 32 amps (6kw)	4.0	3138YAG BS4343 ARTIC CABLE (Blue)

For connections exceeding 32 amp single phase please contact the Show Electrical Contractor Mr Elfed Parry on 07747 118585.

(MINIMUM LENGTH OF CABLE REQUIRED = 30 METRES)

Any person not in possession of the correct cabling and connections will be refused electrical connection.

Exhibition Pavilion - Exhibitors will be able to connect directly into 13amp outlets.

All cable extensions and connecting couplings must carry a P.A.T. Test Certificate (Portable Appliance Test) valid for the duration of the Show. A photocopy of the test certificate must be attached to the enclosed 'Request for Electricity' application form or be forwarded to the Show Office 1 month prior to the Show.

The Society will be empowered to refuse electrical connection if a valid test certificate is not received within 1 month of the Show.

Please complete the enclosed 'Request for Electricity' form and enclose with your Trade Stand Application (remember to enclose a valid test certificate).

Should you require further information with regards electrical connections, please telephone the Show Electrical Contractor, Mr Elfed Parry on 07747118585.
