Movements of pigs to/from shows must comply with the reporting requirements in Articles 12 & 16 of PRIMO 2011.- The old 4-page paper AML2 forms -must not be used after 1st April 2012. Moves to this show must therefore be pre-notified via the new electronic pig movement licensing system ('eAML2'). Copies of the new Haulier Summary movement document, which must accompany pigs throughout the journey to the Show and their return journey to the premises of origin, can be obtained from the 'eAML2' system directly when pre-notifying the move online on www.eaml2.org.uk or alternatively from the eAML2 Bureau Service, which will pre-notify the movement onto the 'eAML2' system on the exhibitor's behalf, and then send the appropriate number of copies of the Haulier Summary document to accompany the animals in transit.

Please allow enough time to receive your documents through the post before the show.

ANIMALS ENTERING THE SHOWGROUND MUST PRESENT THE FOLLOWING DOCUMENTS AT THE VETERINARY INSPECTION POINT:

From 1 April 2012 only the eAML2 'Haulier Summary Sheet' can be used as a movement document. Exhibitors must ensure they have a valid 'Haulier Summary Sheet' for transport on to the showground that includes an individual movement reference in the top right-hand corner, which is automatically created when the movement is set up on eAML2.

Exhibitors without access to a computer on their premises must ensure they keep a copy of the Haulier Summary for their records.

ANIMALS LEAVING THE SHOWGROUND MUST PRESENT THE FOLLOWING DOCUMENTS AT THE DEPARTURE GATE:

From 1 April 2012 only the eAML2 'Haulier Summary Sheet' can be used. Exhibitors must ensure that they can demonstrate a copy of the printed 'Haulier Summary Sheet' with an individual movement reference at the departure gate of the Showground.

Failure to comply with Primo 2011 and obtain a correct movement document could cause pigs to be detained at the Showground for a period of 21 days.

Any pigs that are sold, or are otherwise disposed of, or are not returning to premises of origin, must leave the show accompanied by a Haulier Summary movement document validated with an individual movement reference. In case of sale the buyer needs to copy the movement reference of the seller onto the Haulier Summary. The receiving keeper must then confirm receipt of the animals either online on www.eaml2.org.uk or to the eAML2 Bureau Service, within 3 days of the animals' arrival at their premises.

Compliance with the terms of the General Licence for the movement of Pigs requires:

A- Either isolation of the pigs for 20 days after movement from the Show, in a Welsh Government approved isolation facility, OR:

B. 20-day standstill on the movement of pigs from the premises of destination (other than movement of pigs for immediate slaughter). If being exported direct to another EU Member State, the equivalent certification in accordance with the appropriate Trade Directive in force at the time must be obtained from the Exports team at AHVLA Carlisle (01228 403600).

Pigs from Northern Ireland should be accompanied by certification provided by the Department of Agriculture for Northern Ireland, including additional certification of freedom from Aujeszky's Disease.

Identification

Pigs moving to shows must comply with the identification requirements in Articles 7 & 9 of the Pigs (Records, Identification and Movement) Order 2011 ('PRIMO 2011').
