### Hazards associated with above activity:

Please tick one or more of the following, if the hazards will be represented on your stand during your occupation at the show site.

LPG <input type="checkbox"/>	Dry <input type="checkbox"/> Combustibles	Hot <input type="checkbox"/> Surfaces	Use of <input type="checkbox"/> Sharps	Working <input type="checkbox"/> at height	Food <input type="checkbox"/> Preparation
Highly <input type="checkbox"/> Flamable Liquids	Machinery <input type="checkbox"/>	Heat & <input type="checkbox"/> Ignition Sources	Electrical <input type="checkbox"/> Equipment	Dangerous <input type="checkbox"/> Overcrowding	Smoking <input type="checkbox"/> Allowed (outside only)

Please indicate on the next page how you intend to control the fire and other represented hazards associated with your occupation of the stand. All exhibitors are reminded that the fire controls for stands are the same as for any high street retail outlet. You should consider what risk there is to those building up and knocking down trade stands and to members of the public and outline the steps you propose to take to minimise those risks in the table above. Feel free to copy the page if more space is needed or else to create something similar. Nearly every stand will have risks associated with manual handling (unloading goods) and trip hazards (failure to clear site) and these should be assessed. Keep it simple - complication creates confusion. Alternatively you may send a copy of any similar format, *provided you are satisfied as to its application to your stand at this event.*

**"NO RISK" or "NOT APPLICABLE" statements are not believable and will not be accepted.**
