

ANGLESEY COUNTY SHOW 13 & 14 AUGUST 2019

ELECTRICITY CONNECTION

In order to be able to connect to the Society's distribution points, it will be necessary for you to provide and use a compatible cable and connection which conforms with the Electricity at Work Regulations 1989.

Electricity outlets will be situated at strategic points on the Showground and within 30m of your stand. **There will be no 13amp connections available except for stands in the Exhibition Pavilion.** The type of cabling and connection you will require to bring with you are as follows:

| | SIZE | TYPE |
|------------------------------|-------------|--------------------------------------|
| Supplies up to 16 amps (3kw) | 2.5 | 3138YAG BS4343 ARTIC CABLE (Blue) |
| Supplies up to 32 amps (6kw) | 4.0 | 3138YAG BS4343 ARTIC CABLE (Blue) |

Please note that connections above 32amp single phase are not available on the showground. Also, there are no 3 phase supplies available on the showground.

(MINIMUM LENGTH OF CABLE REQUIRED = 30 METRES)

Any person not in possession of the correct cabling and connections will be refused electrical connection.

Exhibition Pavilion - Exhibitors will be able to connect directly into 13amp outlets.

All cable extensions and connecting couplings must carry a P.A.T. Test Certificate (Portable Appliance Test) valid for the duration of the Show. A photocopy of the test certificate must be attached to the enclosed 'Request for Electricity' application form or be forwarded to the Show Office 1 month prior to the Show.

The Society will be empowered to refuse electrical connection if a valid test certificate is not received within 1 month of the Show.

Please complete the enclosed 'Request for Electricity' form and enclose with your Trade Stand Application (remember to enclose a valid test certificate).

Should you require further information with regards electrical connections, please telephone the Show Electrical Contractor, Mr Elfed Parry on 07407 047589.
